Lettre ouverte au président français Emmanuel Macron

Monsieur le Président,

Le parti politique ISHEMA a suivi avec attention vos démarches de normalisation des relations entre la France et le Rwanda. Les relations franco-rwandaïses ont connu des moments forts, et la France s'est portée garante des accords de paix signés à Arusha, Tanzanie, entre le gouvernement rwandais de l'époque et les rebelles du Front Patriotique Rwandais (FPR). Ces accords censés apporter une solution durable au problème de réfugiés et mettre fin à la guerre lancée en octobre 1990 ont finalement été violés, plongeant le pays dans une tragédie sans précédent.

Tout en saluant cette volonté de normaliser les relations des deux pays après plus de deux décennies en brouille, notre parti considère que cette normalisation recherchée ne devrait pas se faire à n'importe quel prix.

En effet, le Rwanda reste champion de non-respect et de violation des droits fondamentaux des citoyens. Sans répéter le contenu des rapports des Organisations Non Gouvernementales internationales et des pays partenaires du Rwanda à l'instar des États-Unis d'Amérique, le régime de Kigali qui habituellement traite les Hutus de citoyens de seconde classe, s'attaque finalement aux Tutsis qui se plaignent de cette injustice faite à l'encontre de leurs compatriotes Hutus. Le cas de Kizito Mihigo, le chanteur assassiné dans sa cellule de garde à vue à Kigali est toujours d'actualité. Monsieur Karasira Aimable a été arrêté immédiatement après votre retour de Kigali comme si vous veniez de bénir en aval, cet acte de lâcheté.

Dans votre discours au mémorial de Gisozi, vous avez affirmé que votre pays "la France a des responsabilités mais pas complice". De quelle responsabilité et de quelle complicité s'agit-il? S'il s'agit de celle d'occulter la vérité sur les planificateurs de l'hécatombe rwandaïse, le temps est venu pour que votre état, la France, accepte de laisser la vérité triompher. Les détracteurs et ennemis communs aux Rwandais et aux Français ont cherché à salir l'image de l'opération Turquoise et, au nom de la grandeur de votre pays, il vous revient de résister fortement à ces diffamations, rendre hommage aux troupes du Général Jean-Claude Lafourcade, en décrétant, à minima, un évènement annuel en leur honneur.

La normalisation des relations entre les deux pays, à notre avis, ne se traduit pas par la réouverture du centre culturel français et de l'ambassade à Kigali, mais plutôt par l'effort de pacification, de réconciliation profonde entre les Rwandais, quitte à assumer le rôle d'un garant des accords entre les belligérants. Cela est possible seulement si toute la vérité est exposée et si on cesse de voir les

Rwandais dans le miroir victimes-bourreaux. Ici, la vérité sur ce qui est bien connu comme élément déclencheur de la tragédie au Rwanda de 1994 a une importance capitale. C'est ici que la France doit assumer sa responsabilité et inviter les autres pays à faire de même pour que cette vérité qu'on s'efforce d'ignorer soit reconnue et soit à la base d'un dialogue franc et sincère entre les Rwandais.

Monsieur le Président,

Lors de votre conférence de presse à Kigali, vous avez aussi affirmé n'être au courant que d'un seul génocide. Que vous ne soyez pas informé du génocide contre les Hutus qui a débuté avec la guerre d'octobre 1990 et qui continue à nos jours, nous osons espérer que vous ne vous livrez pas à la bataille du négationnisme dont les conséquences vous poursuivront à jamais. Votre coopération pour que justice soit faite pour les victimes des crimes commis par le FPR vous ferait entrer dans l'histoire comme l'homme qui a milité pour la dignité humaine.

A cette lettre, nous annexons une liste non-exhaustive des criminels suspects tout en saluant votre action aux côtés des victimes.

Note : ISHEMA PARTY est une organisation politique lancée le 28 janvier 2013 à Paris, France ; par des jeunes militants patriotes et universitaires rwandais en exil. ISHEMA signifie la fierté des Rwandais. La vision définie par les fondateurs est « la promotion de la démocratie à travers les valeurs de vérité, intrépidité et justice sociale ». Dès le début, nous proposons un changement politique par la non-violence et des moyens pacifiques, le dialogue et le consensus qui profite à tous les citoyens sans aucune forme de discrimination. Tout en partageant notre évaluation de la situation socio-politique au Rwanda, nous recherchons le soutien de la communauté internationale pour un changement de régime afin de construire des institutions démocratiques qui assureront la paix et le développement durable.

Fait à Montréal, le 08 juin 2021.
